Commissioner of Fisheries,

- in re H. W. Smith -

Dear Sir:

Your letter of January 10th, regarding
our report of fishery operations for 1919 not yet
being in.

As our active operating season does not
close until the middle of November, which is much
later than most ^{other} fisheries in Alaska, it is impossible
for us to get our books in shape to make this
report earlier than the middle of January.

This report will go forward at the earliest
date possible after our books are put into shape.

Very truly yours,

FRANKLIN PACKING COMPANY,

Per. *M. A. Mitchell*
